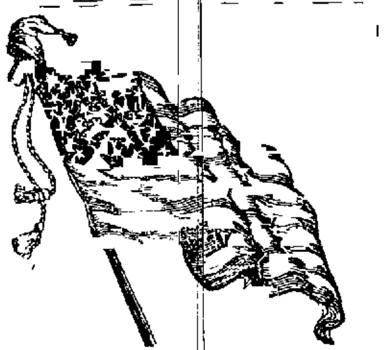
OFFICIAL PAPER OF THE CITY



[illegible]

TUESDAY MORNING, MARCH 11, 1862

The News

The news which we give in this paper embracing Eastern dates to the 29th February show that the Union forces are continuing to advance upon the rebels and with many of their leading men the sentiment is rife that further resistance to the Government is useless and will be ineffectual. Faulkner says this in so many words; the Richmond *Whig* announces the inauguration of Jeff Davis President of the Confederate Government as a bitter mockery; the advance of our forces into Tennessee developes the Union sentiment, and the Governor of that State by proclamation calls upon the people there to lay down their arms.

Missouri has been cleared of the rebels, and Price and McCullough burned their stores and supplies, and with the remnant of their forces pushed forward into Southern Arkansas. His son, Brig Gen Price and sundry of his officers are prisoners, and the Union flag is now raised in the principal places of Arkansas. Gen Halleck's forces have captured Fort McHenry, compelled the rebels to abandon Bowling Green, captured Fort Donelson and its garrison of some twenty thousand men, taken Clarksville and Buell with ten thousand troops occupies Nashville. Where Halleck will again strike we do not know. There is a heavy rebel force at Columbus—originally designed to capture Cairo. Whether our army will advance upon Columbus or move down into the Gulf States, we have no means of knowing. Our generals keep their own counsel. Gen Burnside's expedition is still in the Sound, capturing positions, and preparing for future conquests. We have statements that Savannah has been captured without firing a gun—and that our forces are consolidating means in and about Port Royal for other movements. Gen Butler is to take command of the Ship Island expedition and we shall, as we have every reason to believe, soon hear of him at New Orleans. There is a rebel force in New Mexico, threatening its conquest, but if successful—which we do not believe it will be—it will not long remain in rebel hands. When this rebellion is put down, we shall have troops to spare to take care of rebels both in New Mexico and Utah.

Among the items of news of less importance, is the admission of Stark to a seat in the Senate—on the ground that he had not committed an overt act of treason.

Our foreign news is flattering for the continuance of peace. John Bull continues his growls—a privilege he must be indulged in—but he has come to the conclusion that his best policy is that of strict neutrality. We accord entirely with him in this view of the matter.

The Mexican imbroglio occupies the attention of our Government. A project was presented to Congress to appoint Gen Scott as a special Minister to Mexico, with powers to assume on the part of the United States the payment of the interest on the debts due by Mexico to France and England for five years amounting to $3,000,000 yearly—but it does not meet the sanction of Congress.

Our readers will peruse with interest the news we give them to-day. It is as satisfactory as we could expect, and renders certain the entire success of the efforts of the American people to sustain the Union in all its magnificent proportions. This will not be without immense sacrifices of treasure and of blood,—but it will be done.

WASHINGTON, February [illegible]—The [illegible] features of the Treasury Note bill [illegible] are the [illegible] [illegible] of $150,000,000 of Treasury Notes [illegible] [illegible] a legal tender for private and public [illegible] except for the payment of interest on the public debt and [illegible] which are to be paid in coin. The $50,000,000 Demand Notes issued under the Act of July last, and the $10,000,000 under the act of this month, may however be received in payment of [illegible]. The notes are [illegible] [illegible] six per cent interest redeemable in five years.

The Secretary of the Treasury is authorized to issue registered bonds to the extent of $500,000,000 redeemable at pleasure after five years, for the purpose of funding the Treasury Notes and the floating debt. The Act provides for deposit of notes not less than 30 days at 5 per cent interest.

A special dispatch from Washington says that the indications in the Senate to-day clearly are in favor of the immediate passage of Trumbull's confiscation bill, with amendments to freeing all the slaves of the rebels.

CAIRO, February 26.—Gen Grant has declared martial law over Western Tennessee, with the understanding that upon a sufficient number of citizens of that State returning to their allegiance and showing a desire to maintain law and order all military restrictions are to be withdrawn.

CHICAGO, Feb. 27.—A dispatch from Clarksville gives [illegible] [illegible] of the state of feeling at that place. They say that there is but one Union man there and he over 80 years of age, or [illegible] would have been killed [illegible]

WASHINGTON, Feb. 27.—It is thought that Stark of Oregon will be admitted to a seat in the United States Senate to-day.

KANSAS CITY, February 27.—Santa Fe mail dates to the 10th of February have arrived. Sibley's proclamation did not have the desired effect. Instead of rallying men to his standard he has strengthened the Union army by at least two regiments, and placed nearly all the citizens under arms. Great enthusiasm prevails in the counties of Bernardino, Vencenti and Sowcco. In the upper counties of the State the militia have turned out in large numbers.

Advices from Fort Craig to the 7th say that the Texans under Sibley were at Fort [illegible], 50 miles from Fort Craig, advancing on the latter place—supplies were scarce there, the transportation poor and the only alternative was to fight or starve. Both our forces were anxious for battle, having every advantage and confident of success, providing there be no treachery.

Grand Mass was celebrated at all the churches in the Territory on the 10th to pray for the souls of Catholics killed in battle.

WASHINGTON, February 26.—The Senate have passed a bill fixing the number of members in the House at 241.

The case of Stark was taken up. Mr. Sumner spoke strongly against his admission charging him with disloyalty, saying that it would be perjury for him to take the oath.

Davis contended that the Senate could not exclude for a mere opinion—there must be some overt act.

[illegible] disloyalty might be defined as unfaithfulness to the country and the Government, by resistance and sympathy, aside from any overt [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] He thought now was the [illegible] [illegible] to settle the question.

[illegible] spoke at length contending that the Senate had no [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] State. He never would decide [illegible] that a seat would be held [illegible] to the pleasure of the Senate. The case [illegible] [illegible] [illegible] [illegible] adjournment.

The Daily Oregonian.

CITY.

The MORNING OREGONIAN has a larger SUBSCRIPTION LIST than any other Daily published in this City.

CIRCUIT COURT.—The March term of the Circuit Court commenced its session yesterday morning at ten o'clock. No business of importance was transacted. The following gentlemen were empanneled as the Grand Jurors for the term: Wm. Cason, D. D. Bunnell, D. C. Coleman, Jacob Cline, H. W. Corbett, Wm. Gatton, Davis Duvall. H. W. Corbett was appointed Foreman. W. W. Page, Esq., presented a set of resolutions in respect to the memory of the late Geo. H. Cartter, when the Court adjourned until this morning at ten o'clock.

ESCAPE OF A CONVICT.—Yesterday noon one of the convicts at work on Coffin's Wharf, by the name of Texas, took leave of the guard in the following manner: he provided himself with an extra suit of clothes somehow, and during the excitement occasioned by the arrival of the steamer, got under the wharf, cast off his striped uniform for a citizen's dress, and went on his way rejoicing.

SURRENDER OF THE STATES PRISON TO THE GOVERNOR.—The sub-lessees of the States Prison, Messrs. Pentland & Besser, yesterday sent word to the Governor to take the States Prison and prisoners off their hands, and keep them in the name of the State, for the reason that they were unable to keep them safe under the present system. After an experiment of some three years they find it a troublesome and losing business. The contract has two years to run yet.

NEZ PERCES DICTIONARY.—We have received from the publisher, S. J. McCormick, Esq., a dictionary of the Nez Perces language. From an examination of the book, we pronounce it a very useful and necessary companion to those intending to visit the mines. In addition to the Nez Perces language, the book contains the miners' laws now in operation in the mines. Everybody should have one. It is for sale at the Franklin Bookstore, Front street, for the low price of twenty-five cents.

THEATRICAL.—The Victoria dramatic company arrived on the steamer yesterday. Our citizens will once more have the pleasure of seeing Mrs. Forbes in some of her best characters. Miss Virginia Lawrence, the vocalist, will also appear. The "Hunchback" will be presented to-night at the Willamette Theatre, Mrs. Forbes appearing in her unrivalled character of Julia. The laughable farce of "A Dead Shot" will conclude the evening's entertainment. Our citizens will give them a full house to open with.

WE SYMPATHISE WITH THEM.—We learn that the Victorians make very sorry faces over the fact that notwithstanding their glowing accounts of the Carriboo mines, the five hundred passengers on the *Sierra Nevada* didn't stop at Victoria. Is the four thousand dollar subsidy a paying business? Guess not.

NEWS FOR THE DALLES.—We just had time to get a good supply of our Extras of yesterday, containing all the late Eastern news, on board the steamer *Julia*, as she shoved off to make an attempt to reach the Cascades, at ten o'clock last night.

FREIGHT OF THE STEAMER.—The steamer *Sierra Nevada*, which arrived at her wharf about noon yesterday, brought over five hundred passengers, and four hundred and fifty tons of assorted merchandise as freight.

STEAMER CORTES SOLD.—The steamer *Cortes* will not return to this port. She has been sold to an English company to run in the Chinese waters.

TRYING IT AGAIN.—The steamer *Julia* left again last night on a trial trip for the Cascades. We hope she may be successful in reaching her destination.

THE MAILS.—The California and Atlantic mails per steamer *Sierra Nevada* closes at three o'clock P. M., to-morrow.

FOR SAN FRANCISCO.—The steamer *Sierra Nevada* is advertised to sail for San Francisco direct to-morrow at four o'clock P. M.

We call attention to the advertisement of Andrew M. Sharkey, house, sign, and steamboat painter.

See advertisement of Mr. H. Law, produce dealer. Those in want of provisions would do well to give him a call.

It is computed that at present there are as many strangers in this city as there are resident citizens.

The election ordered by the provisional Government of North Carolina took place on Saturday, resulting, as far as returns received, in re-electing Foster to Congress.

Later from the Dalles and Walla Walla.

Scarcity of Provision on the Route—Rowdyism at Walla Walla—The Military called out to suppress it.

We are indebted to the Rev. J. H. Wilbur for the following items of news:

The steamer *Hassaloe*, which for a long time had been ice-bound at the Cascades, got within three miles of the Dalles on Thursday last. The next day, Messrs. Gibson, Bryant, Wilbur, Shipley, and Jones and James, of Tracy & Co.'s Express, having in charge some $75,000 in gold dust, left the Dalles and arrived at the Cascades the same evening on the steamer, meeting no obstructions from the ice.

Messrs. Wilbur, Bryant and Shipley, left the Cascades on Saturday morning and arrived here on Sunday evening. Mr. Wilbur reports the traveling as very difficult—the trail being covered with snow from two feet and a-half to six feet in depth—the party very often breaking through up to their shoulders.

But one man had come through from Walla Walla to the Dalles since the arrival of the last express, and he reported a great scarcity of provisions among the settlers along the route, and travelers going that way will have to carry their own grub. The snow on the route and at the Dalles, was some fourteen inches deep. Mr. Irwin, while traveling between the Des Chutes and John Day's river, stepped on the dead body of a man, in the snow, who had been frozen to death. He did not recognize the body. Parties had gone out from the Dalles to bring it in. The men who were frozen at the time of Mr. Jagger's death, are now considered out of danger. Mr. Moody, part of whose foot was amputated a short time since, has had one of his legs taken off.

The same person reports quite a riot as having occurred at Walla Walla. Most of the stores had been closed for sometime on account of the scarcity of fire-wood; but little wood could be obtained, and that at thirty and forty dollars per cord. A party of destitute persons, generally considered as rough characters about there, banded together and commenced breaking in the stores and helping themselves to whatever they wanted without paying for it. The military had to be called out to arrest them in their acts of desperation.

Mr. Wilbur says that he would advise people not to start overland for a few days, as it is next to impossible to get through till more of the snow passes off.

☞ **Coughs.**—The sudden changes of our climate are sources of PULMONARY, BRONCHIAL and ASTHMATIC AFFECTIONS. Experience having proved that simple remedies often act speedily and certainly when taken in the early stages of the disease recourse should at once be had to "*Brown's Bronchial Troches*," or Lozenges, let the Cold, Cough, or Irritation of the Throat be ever so slight, as by this precaution a more serious attack may be effectually warded off. PUBLIC SPEAKERS and SINGERS will find them effectual for clearing and strengthening the voice. See advertisement.

☞ **The Medical and Surgical Institute** of DR. L. J. CZAPKAY is already secured in a position which places it, as well as its projector, far above the assaults of envy and professional malice. In the schools of France, the highest prizes are often awarded to practitioners in this department of medical science and they occupy, with others, an equally lofty position in the profession. Ricord is an illustrious example, a shining light among the philosophical stars of his age in Europe, and Dr. Czapkay has fully equalled him in this country; as a proof of which the Philadelphia College of Medicine complimented him with a Diploma, and the honorary ad eundem degree. Selecting this as his field of operation, although qualified as a graduate of the University of Pesth, and late Chief Surgeon of the Hungarian Revolutionary army, for more extended labors Dr. L. J. Czapkay has bent his earnest attention to the cure of chronic and private diseases, in which he has become so great an expert, that he is now regarded as the leader in this branch of his profession throughout the United States, and his portrait and biography are published as matter of interest to their readers in the most exclusive journals. The Doctor's offices are at his Medical and Surgical Institute, in Sacramento street, corner of Leidesdorff, nearly opposite the buildings of the Pacific Mail Steamship Company, San Francisco. We ask particular attention of our readers to the sworn certificates of remarkable cures in another column of this paper. Persons not wishing to lose time in corresponding, please enclose $10 in their letters, and they will get immediate attention to their cases. Address, L. J. CZAPKAY, M. Of all diseases the first great cause,
Springs from neglect of Nature's laws.

To the Afflicted:

Suffer not when a cure is guaranteed in all stages of secret diseases—Self-Abuse, Nervous Debility, Syphilis in all its stages, Strictures, Gleet, Gravel, Diabetes, diseases of the Kidneys and Bladder, Mercurial Rheumatism, Scrofula, Pains in the Bones and Ankles, diseases of the Lungs, Throat, Nose and Eyes, Ulcers upon the Body or Limbs, Cancers, Dropsy, Epileptic Fits, St. Vitus Dance—and all diseases arising from a derangement of the sexual organs—such as Nervous Trembling, Loss of Memory, Loss of Power, General Weakness, Dimness of Vision, with peculiar spots appearing before the eyes, Loss of Sight, Wakefulness, Dyspepsia, Liver Disease, Eruptions upon the Face, Pains in the Back and Head, Female Irregularities—and all improper discharges of both sexes. It matters not from what cause the disease originated, however long standing or obstinate the case, recovery is certain, and in a shorter time than a permanent cure can be effected by any other treatment, even after the disease has baffled the skill of eminent physicians, and resisted all their means of cure. The medicines prescribed are pleasant, without odor, entirely vegetable, causing no sickness and free from mercury or balsam. During fifteen years of practice in Europe, the Atlantic States and California, I have rescued from the jaws of death many thousands, who, in the last stages of the above-mentioned diseases, had been given up to die by their physicians, which warrants me in promising to the afflicted, who may place themselves under my care, a speedy and permanent cure. Private diseases are the greatest enemies to health, as they are the first cause of consumption, scrofula, and many other diseases, and should be a terror to the human family. A permanent cure is scarcely ever effected—a majority of cases falling into the hands of incompetent persons, who not only fail to cure the disease but ruin the constitution, filling the system with mercury, which, with the disease, hastens the sufferer into a rapid consumption. But should the disease and the treatment not cause death speedily, and the victim marries, the disease is entailed upon the children, who are born with feeble constitutions, and the current of life corrupted by a virus which betrays itself in scrofula, tetter, ulcers, eruptions and other affections of the skin, eyes, throat and lungs, entailing upon them a brief existence of suffering, and consigning them to an early grave.

Self-abuse is another formidable enemy to health, for nothing else in the dread catalogue of human diseases causes so destructive a drain upon the system—drawing its thousands of victims through a few years of suffering down to an untimely grave. It destroys the nervous system, rapidly wastes away the energies of life, causes mental derangement, prevents the proper development of the system, disqualifies for marriage, society, business, and all earthly happiness, and leaves the sufferer wrecked in body and mind, predisposed to consumption and a train of evils more to be dreaded than death itself. With the fullest confidence I assure the unfortunate victims of self-abuse that a permanent and speedy cure can be effected, and with the abandonment of ruinous practices my patients can be restored to robust, vigorous health.

[illegible] and all diseases of males and females treated on principles established by fifteen years of practice and sanctioned by thousands of the most remarkable cures. Medicines, with full directions, sent to any part of the State, Oregon and Washington Territory, by patients communicating their symptoms by letter.

All business correspondence strictly confidential. Address DR. L. J. CZAPKAY'S Medical Institute, Sacramento street, below Montgomery, opposite Pacific Mail Steamship Co.'s Office, San Francisco.

Remarkable Instance of Medical Relief

Below we publish the certificates of three of the sufferers from the pangs of disease, who, having recovered their former health, are prompted by gratitude to make known their cases [illegible], and their statement authenticated by a Notary Public. The demands of society imperatively command their publicity, and we commend their perusal to the attention of all afflicted.

Certificate.—The undersigned, desirous of acquainting those who may be unfortunate enough to be similarly afflicted, where a permanent relief for their sufferings may be obtained, feels it his duty thus publicly to express his most sincere gratitude to Dr. L. J. Czapkay, for the recovery of his health. Borne down by the distressing symptoms [illegible] passion in my youth, depressed in body and mind, unable to perform even the most trifling duty imposed upon them in the ordinary avocations of life, I sought the advice of many physicians, who at first regarded my disease as of trifling importance—but alas! after a few weeks, and in several instances, months, of their treatment, I found to my unutterable horror that instead of relief, my symptoms became more alarming, and I was told by one that my disease being principally confined to the brain, medicine would be of little consequence. I despaired of ever regaining my health, strength and energy, and as a last resort, and with but a faint hope, called upon Dr. Czapkay, who, after examining my case, prescribed some medicine which almost instantly relieved me of the dull pains and dizziness in my head. Encouraged by the result, I resolved to place myself immediately under his care, and by a strict obedience to all his directions and advice, my head became clear, and my ideas collected, the constant pain in my back and groins, the weakness of my limbs, the nervous reaction of my whole body on the slightest alarm or excitement, the misanthropy and evil forebodings, the self-distrust and want of confidence in others, the incapability to study, and want of resolution, the frightful exciting, and at times pleasurable dreams at night, followed by involuntary discharges, have all disappeared, and in fact, in two months after having consulted the doctor, I felt as if inspired by a new life—that life which but a short time ago I contemplated to end by my own hand. With the view to guard the unfortunate from falling into the snares of incompetent quacks, I deem it my duty to offer this testimony to the merit and skill of Dr. Czapkay, and recommend him to all who may stand in need of medical advice, being assured by my own experience that once under his care a radical and permanent cure will be effected.

State of California, County of San Francisco:
Subscribed and sworn to before me, this seventh day of April, A. D. 1856. Signed,
[L. S.] JOHN MIDDLETON, Notary Public.

MARYSVILLE, June 3d, 1855.

DR. L. J. CZAPKAY, San Francisco—Sir: I have used the last of your medicine and do not think I shall need any more, as I feel very well, except that I have not entirely got my strength yet, but soon will with the appetite I have. It is just three weeks, you may recollect, since I called at your institute with my constitution as I thought, broken entirely, and never thought you would be able to cure me perfectly, but thought you might be able to do something to ease the pain in my back and head, and strengthen my nerves, so that I would not get excited and tremble at everything. Now that you know what I expected, you may judge of my satisfaction at my complete recovery from these symptoms, and the removal of those sores and blotches from my skin, and the ulcers from my throat, and the entire stoppage of those emissions, which you said were principally the cause of my sickness. I can hardly tell you which is the greatest, my joy or my surprise, for except not having fully got my strength, I feel as well as any man can feel.

Enclosed I send you twenty dollars over your charge, and think myself cheaply cured. If you think anybody will be benefited you may put this letter in the newspapers. Believe me gratefully yours,
THOMAS HAYDEN.

Thankfulness is the incentive to gratitude.

CERTIFICATE.—Prompted by an honest desire of my heart, I wish to lay before the public a case which deserves a commendation not only as an act of scientific skill, but that of humanity also. About two years ago, I suddenly, and from causes unknown to me, was seized with a fit of epilepsy, which, owing to my inability to meet the expenses consequent upon a thorough medical treatment, and the discouragement which I met with on attempting it, soon became such as I was then led to believe was to defy the skill of any physician. I was frequently while in pursuit of my calling thrown down on the ground without the slightest warning, and although [illegible] to these agonies, I yet despised the miseries of my life, and soon learned to look upon those who would render assistance to shelter me from danger as enemies who sought to prolong the existence of my miseries. While in this state, and having previous to my affliction tasted the sweets of life, I once more was induced to attempt seeking aid of a physician, and by recommendation, called upon Dr. L. J. Czapkay. I told him of my circumstances, and of my inability to reward him for his services, regardless of which, however, he cheerfully took my case, and with the blessing of God, I was soon to be restored to perfect health. Unable to reward him for the boon which I enjoy at present, and yet conscious of my indebtedness, I consider it due to myself and all afflicted to make the case public, in order that those in need of medical advice may find a physician in whom every confidence can be placed.
